# Wajeeha baig

## Frontend Developer

## PROFESSIONAL SUMMARY

Hello, I'm Wajeeha, a highly skilled professional with 3 years of experience in frontend development and video editing. I am passionate about creating exceptional websites that leave a lasting impression on users. With expertise in HTML, CSS, and JavaScript, I possess the necessary skills to transform your vision into a visually stunning and highly functional website. I am proficient in responsive design principles, ensuring that your website looks impeccable across all devices.

## WORK EXPERIENCE

As a frontend Developer i created many projects of html ,css javascript,nextjs.tailwind css,Reactjs.I am a junior frontend developer and i have four years experience of it. I can build robust and scalable web applications, leveraging its server-side rendering capabilities for enhanced performance. Furthermore, my expertise extends to video editing, where I bring a creative touch to your projects. I am proficient in cutting and trimming footage, adding captivating effects, and seamless transitions to create compelling storytelling experiences. With a keen eye for detail and a commitment to delivering excellence, I am confident in my ability to provide you with outstanding web development and video editing services. Let's collaborate to bring your ideas to life and create digital experiences that surpass your expectations.
